Letter of recommendation for Mrs. Coupe

During my work as an interpreter relations-manager at InterprefyAG, I've experienced Mrs. Coupe, associate member of ITI, as very dedicated and reliable.

Her self-reliance and more than usual good computer skills greatly helped her become popular as freelancer / RSI interpreter among our staff and end-users. I also appreciate Ms. Coupe as a competent and ambitious interpreter.

Since November 2017, Ms. Coupe has acted as RSI-interpreter on our cloud-based platform Interprefy Event Pro. She has proven here, her expert language skills in RSI, Telephonic, and VRI interpreting.

Therefore, I consider Ms Coupe to be absolutely suitable as an RSI-interpreter, and would highly recommend working with her in the future.

Best regards,
